Art Battle
LIVE STUDIO ONLINE

OK! Thanks for helping us with this online competition test. Patrons will be able to view 4 competition videos at a time, and vote for the winner. All online!

To participate... you will use a smartphone to stream video of you painting with an app.

1. Download iOS / Android APP:
LARIX Broadcaster

2. Set the app up with the settings in this instruction PDF

3. Get ready to paint for 20 minutes and share it with the world!

CAMERA PLACEMENT

1. Set your easel in as much of a vertical position as is comfortable for you.

2. Find a way to secure the camera at mid easel height (bar chair/books/tape)

3. Place the camera on the side of your non-dominant hand

4. Set the camera so that the canvas fills the screen almost entirely

5. All set!

LIGHTS! CAMERA! ACTION!

1. After you are all set...

2. Get your timer ready (must be a 20 minute painting!)

3. **Start recording, and let it run for a bit to see if the network connection is good.**

4. Leave the camera in place and look into the camera from in front of the easel and say... "My name is _____ AND THIS IS ART BATTLE!"

5. Say 3, 2, 1: Let's paint! And start painting.

6. Leave the camera in a fixed position until 2 minutes after you are done painting.

7. Pick up the camera and click stop.

LARIX Broadcaster App setup
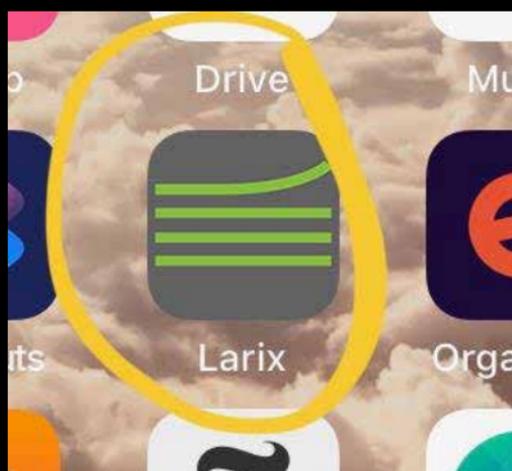

Click the gear icon when it loads...
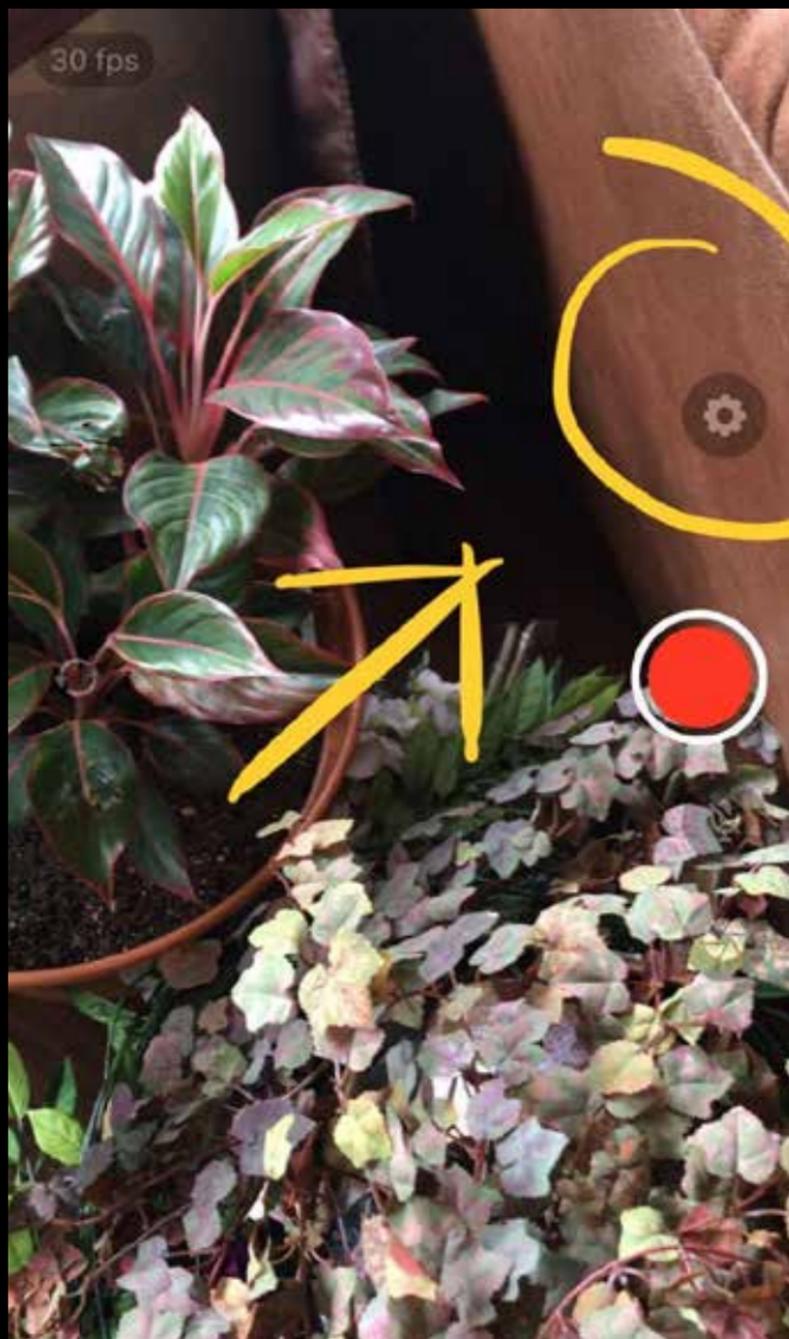

Click Connections...
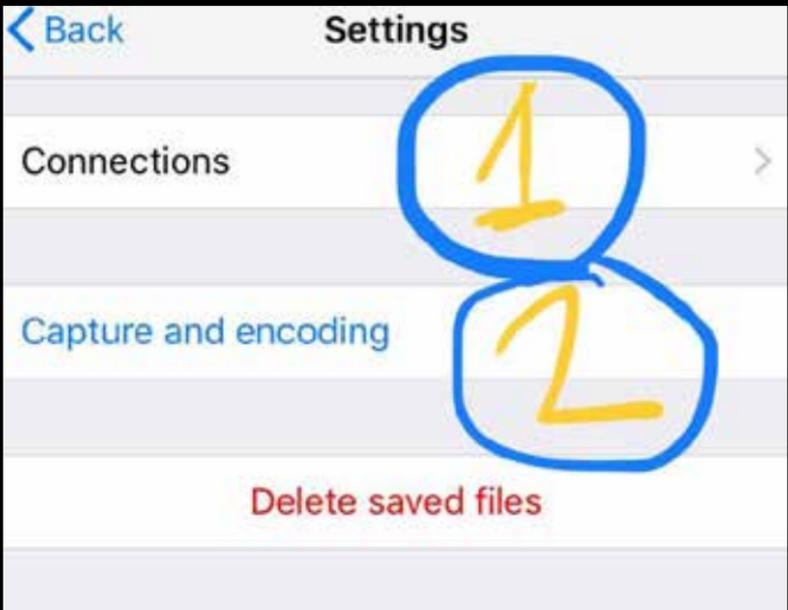

Click + Add Connection
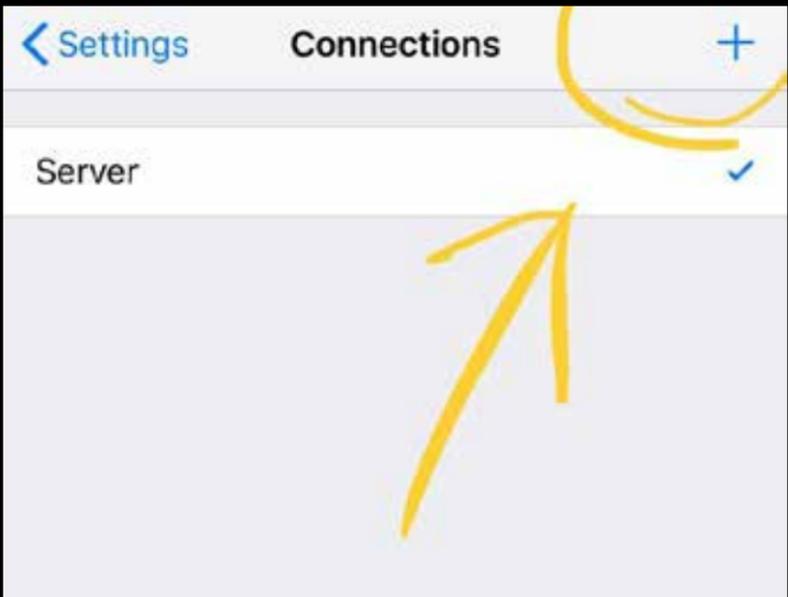

Set up the connection:
1. Name it Art Battle
2. Enter your custom URL which is:

rtmp://stream.artbattle.com/internal/YOURARTISTID
(copy and paste it from the email invite)

3. No more info needed... CLICK SAVE

‹ Back	Save
Name	Art Battle
URL	rtmp://stream.artbattle.com/livein/9127
Target type	Default
Login	
Password	
SRT passphrase	
SRT pbkeylen	16 ›

Almost done.. Go to iPhone Settings
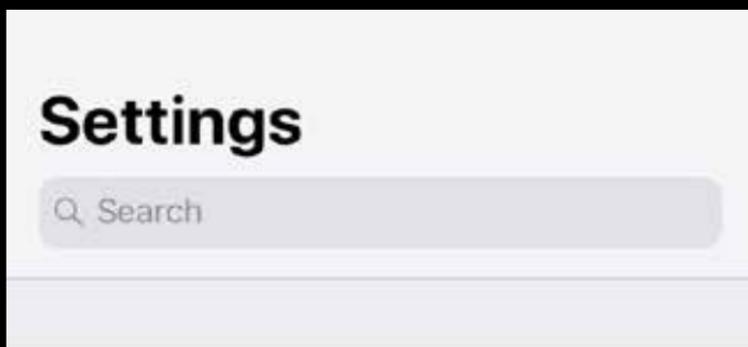

Search for LARIX

Go into video settings...

Make sure the settings match...

Larix   **Video**

Resolution   1280x720 >

Orientation   Landscape >

Stabilization mode   Auto >

LIVE ROTATION

Live rotation

Mode   Lock while broadcasting >

Bitrate   2,500 Kbps >

Frame rate   30 fps >

Keyframe frequency   2 sec >

Format   H.264 >
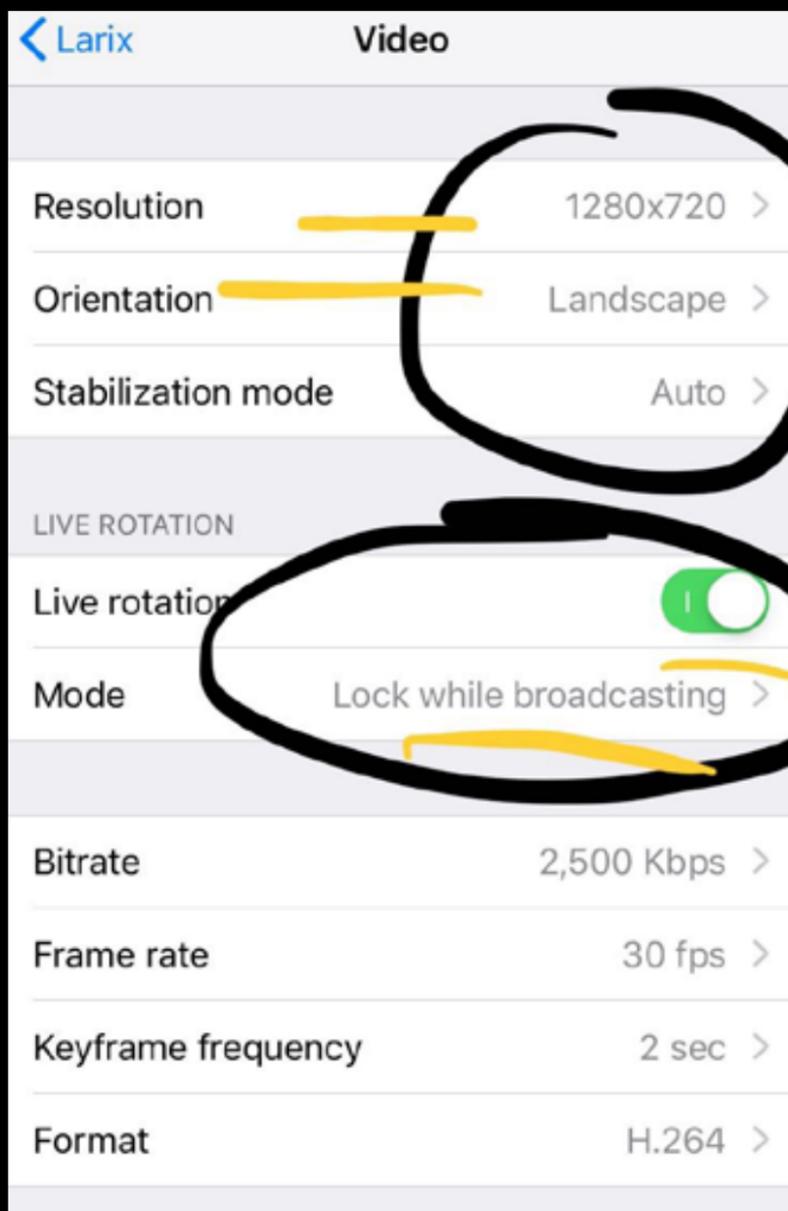

Go back to the Larix APP
Click the RED record button... to TEST settings
Look in the bottom left, and make sure it says
Art Battle and '2.5MBPS' (or close, it will move)
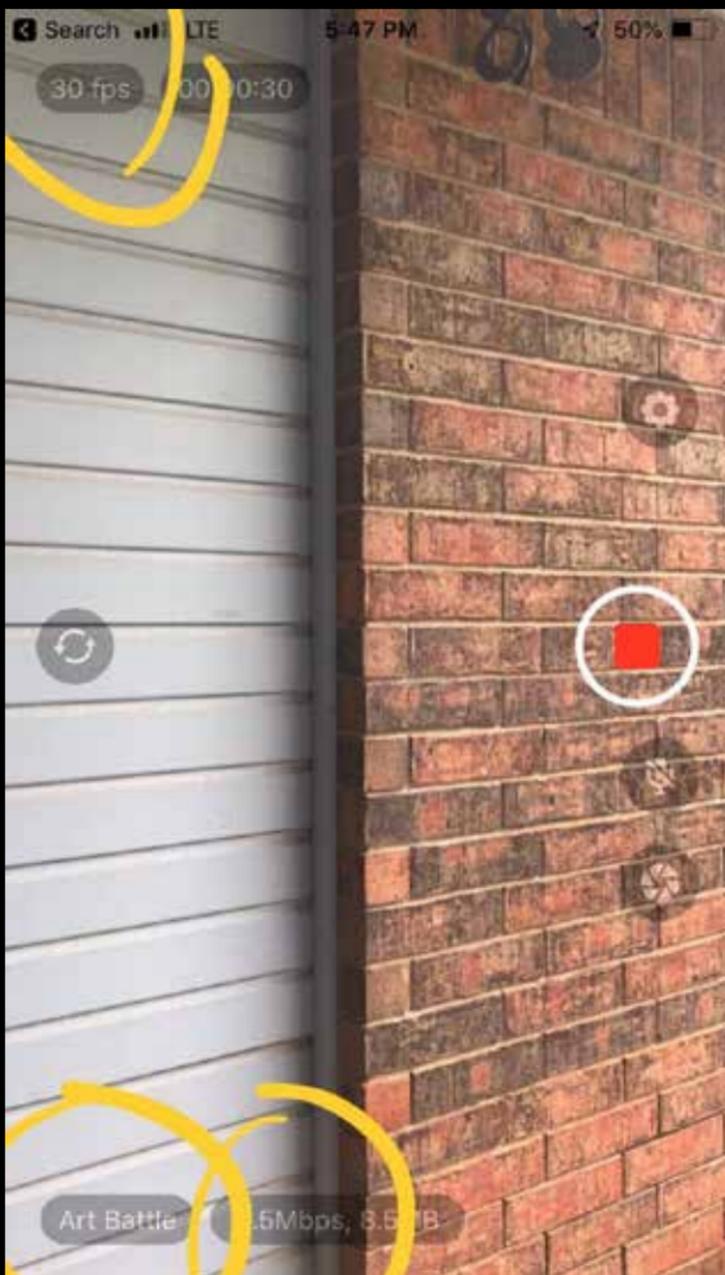

ALL DONE!
You are ready to compete.
